Maryland/Delaware/D.C. Moose Association

Dear Members:

My name is Juan Solis. I am in the 6th grade this year and have lived on the Mooseheart campus since November 11, 1997. I live in the Maryland/Delaware/D.C. home.

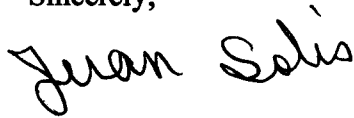

I have lived on the Mooseheart campus for almost all of my life. I also have a younger sister that lives on the campus. I am glad that I am getting a good education and will someday have the chance to go to college.

Some of the things I like about Mooseheart is that I live in a nice home, have lots of food to eat, and have made many friends. Our homes are very nice and our school really cares about our success. If I need help, there is always someone there to talk to. I never have to worry about gangs, drugs, or people bringing guns to school. I got to be on a baseball team and in the boy scouts. I also have the opportunity to do many other activities both on and off campus.

If I lived with my grandma, it would be really hard for her because she is already really busy. I don't have to worry about having clothes, or if I need to see a doctor. Mooseheart will make sure that I have medicine. Mooseheart is a safe and fun place to be.

I'm not sure where I would be right now if it weren't for Mooseheart. Please consider supporting the Gimme Five program and continue to make Mooseheart the best home and school for us kids.

Sincerely,
